The ancient philosophers stated that all existence can be traced through different levels of their emanation to a core underlying source of manifestation. And this unknowable source can be understood by studying the laws of nature which are the mechanics of this force and its operation thus its conscious will. The source of which is simply vibration and light the function of the core substance that is the element of Aether which is called spirit as well by the ancients the same element.

The Jews have an extremely high, disproportionately high incidence of both physical and mental disorders. They pollute the world populace with their filthy genes. Nearly every one of them has something seriously wrong.

They are a very sickly race. This world is alien to them.
